

Haketilo - Feature #23

also implement support for whitelisting of non-https urls

07/01/2021 12:48 PM - koszko

Status: Closed	Start date: 07/01/2021
Priority: High	Due date:
Assignee:	% Done: 100%
Category:	Estimated time: 0.00 hour
Target version:	
Description The method of policy smuggling through URL is already defined. What is needed is to perform a reload to a URL containing the injected policy when a URL without it gets opened. For http(s) urls the WebRequest API makes this unnecessary.	

History

#1 - 08/27/2021 10:12 AM - koszko

- % Done changed from 0 to 80

Support for the file:// protocol is now on the koszko-smuggle-policy branch. I re-used the temporarily-unused approach of smuggling policy in the URL. What remains is support for ftp:// on wrowsers that still support it

#2 - 08/27/2021 10:55 AM - koszko

- % Done changed from 80 to 90

ftp:// is now also ready and pushed to this temporary branch. Changes will be merged together with completed Feature [#15](#)

#3 - 08/27/2021 10:56 AM - koszko

- Status changed from New to Resolved

#4 - 09/04/2021 12:35 PM - koszko

- Status changed from Resolved to Closed

- % Done changed from 90 to 100

Merged to master
