History

#1 - 09/28/2021 06:48 AM - jahoti

- Status changed from New to In Progress

- Assignee deleted (jahoti)

- % Done changed from 0 to 40

Support for setting an update URL in the extension is now included in the jahoti-update branch.

#2 - 12/22/2021 04:55 PM - koszko

I reworked the build system and build.sh no longer supports putting the update url in the manifest. It shouldn't be too difficult to make it working again, tho

#3 - 10/13/2022 12:02 PM - koszko

- Status changed from In Progress to Rejected
